BEAULA
BROW ACADEMY

MICROBLADING, HYBRID & POWDER BROWS COURSE

PMU (Permanent Make Up) is the fastest growing service within the Beauty Industry where you can easily add other services such as eyeliner, lips, scalp or areola restoration. It is a great career choice to be your own boss, or add on to any salon service where you can work anywhere in the world.

I have been in the industry doing brows for 6 years and have decided to offer a course and combine Microblading with Hybrid Brows and Powder Brows, as I find that most if not all clients need or want a combination of both techniques. Microblading is amazing and can look incredibly natural, but doesn't give you the end results of "I don't have to pencil them in anymore" as it does not replace a clients brow pencil, or work on all skin types and ages. Most clients want a softly defined brow shape and soft shading can help to achieve that while still looking natural, or bold, depending on client preference. I have created a course that will cover the necessary safety and knowledge, will have you practice on 3 Live Models and you will also learn and observe from an Instructor Demo by me, Danielle Jackson. The class size is limited to 3 students which guarantee you will receive one of the best quality hands-on training currently available on Vancouver Island.

In this very informative 3-day course we will cover more areas than the usual Beginner Microblading courses normally do, with more detailed and in-depth information that will be a strong foundation for your career so that you can help anyone and everyone walking through your doors. What makes this course different than other trainers is that you get practice materials 3-4 weeks prior with a one-on-one sit down with Danielle for an hour as well as access to some of her training videos, so students are more prepared when the course starts.

You will get a Premium Kit worth \$850 with supplies from HYVE Beauty and full unlimited support for 12+ months after completion.

We will cover areas like:

- Skin Anatomy
- Colour Pigment Theory
- Pigment Training
- Eyebrow Design
- Brow Mapping on mannequins
- Head stroke patterns (classic & fluffy)
- Machine work
- Needle Selection
- Health Safety
- Microblading / Hybrid / Powder Brows
- Brow & Face Shapes
- Social Media & Web Design
- Starting your Business and more
- \$3350 for 3 days (includes Premium Kit worth \$850)

You will receive an attendance certificate upon completing the class portion of this course. In order to get certified with Beaula Brow Academy you will have to pass your Bloodborne Pathogens (before the start of the course), as well as your 3 models done in class.

In addition, you will also need to submit a total of eight candidates to your Instructor, three of which are done in-class, under supervision and guidance, and five on your own time. The work on your five clients will be evaluated with feedback and you will also need to submit two clients with healed results from their First Session before you get your final certification. I highly recommend that my students complete the practical aspect of this course within 12 weeks.

What is included in your kit:

Dragonhawk Mast Tour Wireless Tattoo Machine

Mast PRO needles x 40 in different sizes

Microblading Pens x 10

Perma Blend Pigments x 5

Perma Blend Colour Correction Pigment x 1

Perma Blend Shading Solution x 1

Numbing for Closed & Open skin

Surgical Marker

Pigments Cups, Pigment Ring Cups

Brow Callipers, String Mapping and other tools

Artificial Skin to practice and more

You will get practice materials, a manual and videos 3-4 weeks prior to the course and see Danielle for an hour demo at the studio to get started.

POWDER, OMBRÉ, HYBRID BROWS AND COLOUR CORRECTION COURSE

Prerequisite required - Beginner Microblading course certification (NOT online training) and WorksafeBC Bloodborne Pathogens Training Certificate
You have to be an active Microblading Tech who has worked at least 9 months and done a minimum of 30+ brows to take this course. We won't focus much on Brow Design & Mapping and you should be comfortable working on clients and understand skin. This is not a course for Beginners or students who have not Microbladed anyone within the past 3 months.

Manual & Machine Shading

We will practice with my machines. You have the option to also buy your own machine and bring it with to the training as well, or purchase one later after getting a feel for it.

Powder Brows / Hybrid Brows

Brow Corrections / Colour Correcting

1 x Perma Blend Colour Correction Pigment & Shading Solution included

Instructor Demo and Live Model by student

- Colour Pigment Theory
- Colour Correction
- Brow Corrections
- Microshading / Powder Brows
- Hybrid/Combo Brows and more

\$850 for 1 day training 9am-5pm

You will receive your certification after passing your Live Model in class.

If you do not pass your Live Model, you will need to submit two Hybrid or Powder Brows clients within 6 weeks after the course. Your 2 clients will be graded with feedback and you will also need to submit one client with healed results from their First Session.

POWDER, OMBRÉ, SOFT SHADING & COLOUR CORRECTION COURSE

Shading is getting more popular and not as technical to learn as Microblading. This technique is great for all ages and skin types and gives a beautiful and soft look that looks like perfectly applied Make Up. This course will NOT teach Microblading/strokes or Hybrid/Combo Brows (microblading & shading)

Manual & Machine Shading

*Dragonhawk Mast Tour machine with 40 needles are included

Powder Brows / Ombre / Soft Shading

Brow Corrections / Colour & Shape Correcting

5 x Perma Blend Pigments, 1 x Colour Correction & Shading Solution (worth \$300)

Numbing agents (x2) included as well as Brow Callipers & String Mapping and more
Instructor Demo and 2 x Live Models by student

- Skin Anatomy
- Colour Pigment Theory
- Pigment Training (Perma Blend)
- Eyebrow Design & Brow Mapping
- Shading / Powder / Ombre Brows
- Needle sizes and selections
- Health Safety
- Colour & Shape Corrections
- 3 students per class

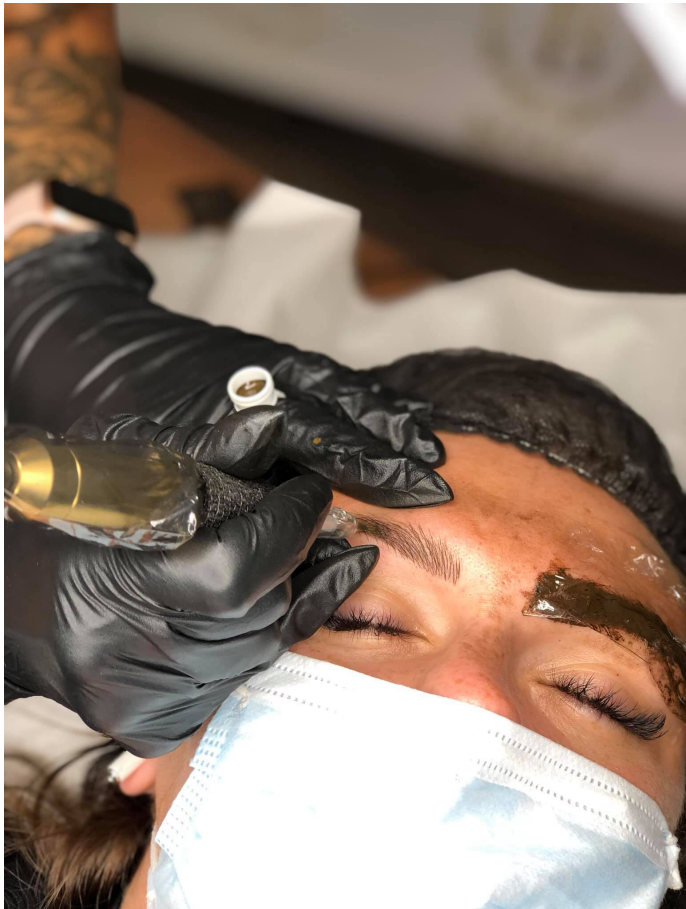

\$2250 for 2 day training

Full Kit Included worth \$750

OR

\$1950 (*no machine included)

You will receive an attendance certificate upon completing the class portion of this course. In order to get certified with Beaula Brow Academy you will have to pass your Bloodborne Pathogens (before the start of the course) and pass your models in class.

In addition, you will also need to submit a total of 3 candidates to your Instructor, two of which are done in-class, under supervision and guidance, and three on your own time. The work on your three clients will be evaluated with feedback and you will also need to submit two clients with healed results from their First Session before you get your certification. Recommended that students have a 12 week timeframe to complete the practical aspect of this course.

REFRESHER COURSE

Prerequisite required - Beginner Microblading / Shading course certification that was hands-on training (3+ days) that consisted out of Live Models in class and **not done online** or more than 12 months ago.

WorksafeBC Bloodborne Pathogens Training Certificate

We will be covering all areas briefly but focus on what student struggle with
Instructor Demo only (no live model)

Do you feel like you still aren't confident in your work and struggle with strokes / shading? Do you need some extra help and guidance? Then this course is perfect for you. We will be going through the Beaula Brow Academy training manual and focusing on areas the student need help with. There will be an Instructor Demo and one-on-one time together.

\$550 from 10am-3pm - REQUEST DATE

BROW DESIGN, SHAPE & TINT

This class is open to anyone who wants to learn to design brows or learn a better mapping technique, want to tint and shape brows and add it to their list of services. Instructor Demo & Student Live Model in class

We will focus on areas such as

- Brow Design & Mapping
- Mannequin & Live Model mapping
- Face Shapes & Brow Ratios
- Eyebrow Types
- Correcting Uneven Brows
- Tinting

\$300* for 2 hours

\$250 with no tinting supplies

*Included: Callipers, a Brow Ruler, String Mapping, Tinting products (3 shades and activator worth \$80) and a Certificate after completion

REQUEST DATE
